The 2026 Fair Book is Dedicated to Janet Houser September 25, 1963-January 3, 2026

Janet dedicated countless hours of volunteer time to the success of the Indiana County Fair. Much of her work took place behind the scenes, ensuring that everything was prepared for the Jr. Livestock Sale. She assembled the sale catalogs, contacted meat processing companies and buyers, and arranged for the photographer to capture the sale pictures. Janet also made sure that all banners, passes, and materials needed for the sale were ready to go.

During the sale, Janet served as the bookkeeper for the Livestock Sale Committee. She collected payments, balanced the books, and ensured that every detail was accurate. After the sale, she submitted information to the Gazette for the picture ad and personally delivered buyer photos and banners. When the bookkeeping was complete, Janet wrote and mailed the exhibitors' checks.

Her dedication extended well beyond the sale. Janet also handled the bookkeeping for the 4 H and FFA Steer Show. She attended the show and then quickly shifted her focus to preparing for the Livestock Sale. She managed all responsibilities associated with the Winebark Scholarship as well, making sure everything was organized and completed on time. Throughout the year, Janet provided essential information and assistance to committees, contributing greatly to the continued success of the Indiana County Fair.

Janet will be deeply missed by all. The countless hours she devoted, year after year, helped make the Indiana County Fair the success it is today.

Kiddie Farm Open Daily

A Message from the President

As the country puts together all the plans to celebrate 250 years, we too are putting our plans to put on the 163rd Indiana County Fair. A lot of things have changed over the years, but one thing that hasn't changed is that we live in a great country.

We are very thankful that this year we were able to do several necessary roof repairs on the barns and buildings at the fairgrounds. Also, we updated the lighting in the ice rink building along with some smaller projects. Projects like these are very important to keep the buildings maintained so the fair can keep going strong for many years, to allow future generations to come and see how great Indiana County is at the Indiana County Fair.

Don't forget the Indiana County Fair in its beautiful park setting is always the week before Labor Day!!

Thank You

Ray Martin

Indiana County Fair Board President

2025 Indiana County Fair Queen Clare Lydic

EVERGREEN INSURANCE LLC

I think the best way to start this is to say thank you! When they announced my name as the 2025 Indiana County Fair Queen, all I could think was “they said my name”, walk to the center of the stage and don’t trip! And then, looking out at the people and knowing my friends and family were sitting there cheering for me, I just wanted to stand there and take in how special that moment truly was! Because, in those minutes, the dreams of a young farm girl were coming true and oh the possibilities of the things I could do to represent my fair! It absolutely blew my mind the people who congratulated me because to me, this isn’t about me. I am just a girl who gets the amazing honor of promoting the fair I have loved my entire life!

Jeremiah 29:11 says, “For I know the plans I have for you,” declares the Lord. How blessed am I that His plans included me being the 2025 Indiana County Fair Queen! I also want to thank God for putting me in this place where I can share my love of agriculture and the Indiana County Fair with everyone I encounter. For me, the Indiana County Fair has always been a busy week, but it has also been a week that I get to spend every waking minute with my family. I am so grateful for all the ways my family and the family I have found along the way stepped up to make sure my animals were fed and ready for show and let’s be honest, make sure I was fed and ready as well! I thank God every day for blessing me with the absolute best family around!

The days during fair week were long but the week just flew by! Most days, I was up by 5:00 a.m. to help take care of my animals so I could attend to my fair queen duties. I had the honor of attending so many different events and I talked to thousands of people! I spent a lot of time talking to and thanking the vendors. It was incredible to listen to their stories of how they ended up at the Indiana County Fair!

Throughout this year, I have attended a lot of fairs and other events in the county. Some of the fairs I attended are the same size as Indiana, some are much smaller and others are much larger, but the Indiana County Fair will always have my heart because it is the place where I have made thousands of memories.

I don’t think we can talk about the role of the Indiana County Fair Queen without acknowledging the Indiana County Fair Board for the hard work they put into making the Indiana County Fair happen and for making it one of my very favorite places to be! I am truly honored to work alongside them to promote the Indiana County Fair and what agriculture means to this county. And getting to spend a long weekend in Hershey with an impending snowstorm and to be surrounded by so much support from the best Fair Board was truly an unforgettable experience!

This year, I was able to use this platform to educate kids about where their food comes from and how planting a tiny seed can grow into something amazing which is how I feel about my experience of being the 2025 Indiana County Fair Queen. I was once a small girl with a tiny dream and it has grown into something more than I could have ever imagined!

I will forever be grateful for the honor of a lifetime getting to represent the absolute best fair, the one that happens the week before Labor Day!

INDIANA COUNTY FAIR CODE OF ETHICS

Exhibitors of animals shall at all times conduct themselves with honesty and good sportsmanship. Their conduct in the competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct of questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, fitters, trainers, and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and may be prohibited from future exhibition. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any fact relating thereto is prohibited.
2. Owners, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by show officials.
3. Junior exhibitors are expected to care for and groom their animals while at the show.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owners, fitter, trainers, and/or absolutely responsible persons for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event that culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal and state statutes, regulations, and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal and state statutes, regulations and rules affect the animal's performance or appearance in the event. If the laboratory report of the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood or other substance tested by the approved laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved, and all procedures of said collection and preservation, transfer to the laboratory, and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise. At any time after the animal arrives on the show grounds, a licensed veterinarian shall administer all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal.
5. The use of showing and/or handling practices or devices such as striking animal to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
6. Direct interference with the judge, show management, other exhibitors, breed representatives, or show officials before, during or after the competitive event is prohibited. In furtherance with their official duty, all judges, show management, or other show officials shall be treated with courtesy, cooperation, and respect, and no person shall direct abuse or threatening conduct toward them.
7. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics.
8. The application of this code of ethics provides for absolute responsibility for the animal's condition by an owner exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
9. The act of entering an animal is giving consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the show management for violation of this code of ethics. The act of entering an animal is giving consent that any proceedings or disciplinary action taken by the show management may be published with the name of the violator or violators in any publication of the International Association of Fairs and Exposition, including Fairs and Expositions and any special notices to members.
10. The act of entering of an animal in the show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read this code of ethics and understands the consequences and penalties provided for actions prohibited by the code. It is further and consents that any action, which contravenes these rules and is in violation of federal and state statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
11. Any animal entered in the carcass and/or live show or sale shall not receive any treatment with drugs or biologics within the withdrawal time prior to slaughter. Withdrawal times for drugs and biologics are all stated on the directions for use. Label directions must be followed at all times. If upon slaughter a recent treatment with drugs, biologics or alteration of the animal by any means is the cause of condemnation of a carcass, the loss will be borne by the exhibitor.
12. **Any disrespectful, angry or combative behavior directed to (but not limited to) any judge or superintendent by any exhibitor, parent or agent thereof, before, during or after any fair event or show will not be tolerated. Failure to comply may result in the loss of all premiums and/or not being invited back to the Indiana County Fair. All decisions will be at the discretion of the superintendent and the fair board.**

SECTIONS A - RW

Rules & Guidelines for 4-H & FFA Dairy Show at the Indiana Country Fair

Last updated: April 10, 2019

Youth Eligibility

4-H exhibitors must be a member in good standing of a regularly organized Indiana County 4-H Club and under the supervision of a club leader and the Indiana County Extension. FFA exhibitors must be members of a regularly organized FFA Chapter and be under the supervision of the Chapter Advisor. Exhibitors, both 4-H and FFA must be carrying a project in the field they wish to make an entry by June 1, preceding the fair. No animal can be shown in both 4-H and FFA competition in the same year. All leased animals must have a copy of the lease submitted to the extension office by no later than May 1.

Animal Eligibility

Regardless of breed registry status, all animals must have a completed Indiana County 4-H/FFA Dairy Cattle identification form. This should include information such as name, breed, date of birth, verifiable identification, dam name, sire name, ownership, and breeder identification. Though registration papers will not be checked, all animals must be true to breed character, no crossbreds may be shown.

It is important to realize that unregistered animals are not eligible to show at the district or state level. If an animal is named eligible for the state show at a district dairy show, they must be exhibited at the county show as well to remain eligible.

Identification Requirements

Verifiable identification (USDA tag number, tattoo, and/or photos) must match what it was originally submitted on the Indiana County 4-H/FFA Dairy Cattle Identification form at check-in. Tattoos used as the primary identification must be clear, legible, and in the appropriate ear to match the paperwork. Photos must be clear, taken in a well-lit area and the animal must be standing.

Animal Ownership

An animal must be designated as a 4-H/FFA project for the entire project year.

Animals (regardless of class) must be owned by the exhibitor on or before June 1 of the year in which they are showing the animal.

Leased animals may be exhibited. The purpose of the leasing program is to provide opportunities to young people who lack facilities or resources necessary to own an animal. Existence of a lease must be verified by the Indiana County Extension office, and lease and/or project plan (or knowledge of the lease) must be recorded by May 1 of the year in which the animal is shown. Leased animals must be housed in Pennsylvania. Cows may be leased by the exhibitor only if they were previously leased as calves or yearlings. Parents, guardians and siblings are not permitted to lease animals to their children; likewise, an exhibitor who owns dairy cattle may not lease other project animals.

Classes

Age and birthdates of animals within classes will be as follows:

Spring (junior) calf	March 1-May 31

Exhibitor Expectations

All exhibitors are expected to adhere to the PDCA Show Ring Code of Ethics, National Code of Show Ring Ethics and the PA 4-H Code of Conduct.

The Purebred Dairy Cattle Association Show Ring Code of Ethics (excerpts)

Dairy cattle exhibitors shall, at all times, deport themselves with honesty and good sportsmanship. It is recognized that there are certain practices in the proper care and management of dairy cattle that are necessary in the course of moving dairy cattle to and between shows that are advisable to keep them in a sound, healthy state so they might be presented in the show ring in a natural, normal condition. At all times, exhibition livestock shall be treated in a humane manner and in accordance with dairy quality assurance practices so as to protect the health, safety and welfare of the livestock and the consuming public.

No person shall present for exhibition or exhibit an animal which he or she knows, or has reason to suspect, is affected with or has been exposed to a dangerously contagious or infectious disease, or illegal or nonapproved use of drugs, medication and/or prohibited substance, or residue.

All animals presented for exhibition shall be in their natural conformation and structure, free of any alteration or modification by injection or internal or external administration of any substance or by any involvement in unethical fitting.

Changing the natural color of the animal is prohibited. However, external applications of cosmetics that affect only appearance may be used, including by way of example hoof polishes and false switches.

The maximum allowable length of naturally growing hair anywhere on the topline is not to exceed 1". Exhibitors will be required to comply with this rule before the animal is allowed to enter the ring.

Addition of foreign objects, including but not limited to hair or hair substitutes, cloth or fiber, to change the natural contour or appearance or appearance of the animal's body is prohibited.

Externally sealing the teat end with a preparation that does not harm the animal's skin is permissible. Natural teat placement will be given preference over artificially positioned teats.

These practices are violations of the Code of Ethics and will be report to show management and may be report to the respective national breed associations:

1. Misrepresenting the age and/or milking status of the animal for the class in which it is shown.
2. Treating the animal, particularly the udder, internally or externally: a. with an irritant or counter-irritant, b. using a device to artificially create or enhance the udder crease, c. using other substances as detected by testing that causes changes in the udder to artificially improve the conformation, d. plugging of teat canal with foreign substances.
3. Surgical or unethical insertion of any matter under the skin or into body cavities, performed to change the natural contour or appearance of the animal's body (e.g., administration of fluid via a stomach tube or other similar apparatus to fill the rumen), though not to preclude practices required or involved in normal management.
4. Criticizing or interfering with the judge, show management or other exhibitors while in the show ring or other conduct detrimental to the breed or the show.
5. Challenging, threatening or interfering with an ethics committee appointed by show management to monitor the animals on exhibit on the show grounds.

Show Attire

All exhibitors are expected to carry themselves in a professional manner. Traditional attire for a dairy show is white pants. This practice is encouraged but not mandatory.

Substitute Showman

The purpose of the show is to enable youth to have a satisfactory experience in the show ring. Therefore it is the responsibility of the 4-H or FFA exhibitor to show his/her own animal. The only exceptions allowed are:

- If sickness or physical injury after arriving at the show prevents the owner from showing his/her own animal. In the case of previous injury or illness prohibiting the exhibitor from showing, a doctor's excuse will be required.
- If the exhibitor has two or more animals in the same class or of different breeds that are to be shown at the same time.
- If the exhibitor finds it impossible to attend due to other commitments. Verification of this activity must be confirmed in writing by a county extension educator/FFA advisor. This written verification must be presented at check-in.

In the above instances the exhibitor may request a substitute showman. The substitute showman must be another 4-H/FFA member, preferably of similar age or younger.

Show Leadership

Extension educators from the Indiana County office and 4-H daily club leaders will be responsible for check-in of animals the day before the show. Exhibitors should be available for check-in of their animals by 4 pm of the day before the show. If not possible, they should arrange for someone else to be present who is familiar with the animals that need to be checked in. Extension educators have the final say whether an exhibitor and/or animal is eligible to be shown in the 4-H/FFA dairy show.

FFA advisors will be responsible for check-in of FFA animals the day before the show. In the event that an FFA Chapter Advisor is not present the available FFA Advisor and Dairy Superintendent/Fair Board Member will check-in FFA member(s) entries.

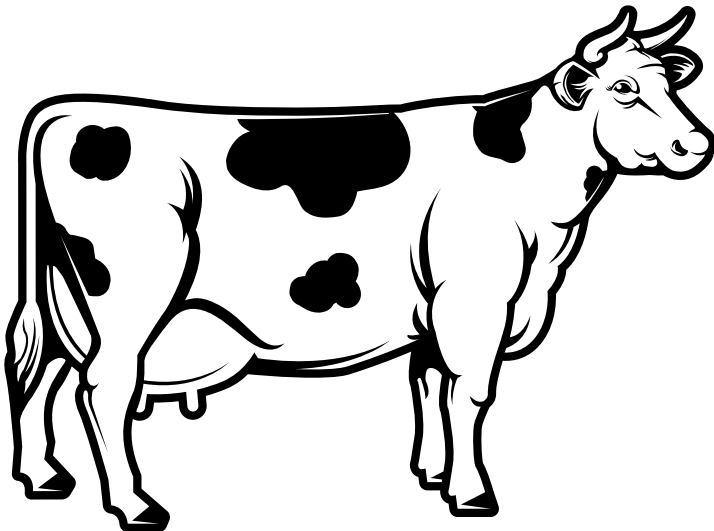

FFA Advisor and Dairy Superintendent/Fair Board Member will have final say whether an exhibitor and/or animal is eligible to be shown in the 4-H/FFA dairy.

The superintendent has the right to withdraw animals of unacceptable quality and remove animals that are uncontrollable from the show.

DEPARTMENT 13

VEGETABLES

Superintendent

Matt Pollock

Assistant Superintendent

Jim Kluchurosky

- In selecting vegetables for exhibition, choose specimens that would bring the highest market price. Do not select the largest; select medium size specimens. If at all possible, do not mix varieties.
- The following factors are generally used by an expert vegetable judge.
 - Trueness to variety type. If at all possible, pick the specimens from one variety.
 - Uniformity in shape, size, and color.
 - Be sure to pick out a perfect specimen, and then select the others as similar to it as possible. Never mix specimens of different maturity.
 - Protect from dirt, disease, infection, and mechanical damage. Select specimens that are perfect and show no blemishes of any kind.
 - Condition and maturity. Be sure that exhibits are of high quality.
 - Potatoes should not be washed. Remove soil using a soft cloth or brush.
 - Tomatoes should have stems removed. Carrots, beets, etc. should have tops (leaves) removed from vegetables leaving about (2) two inches of stems.
- The Indiana County Fair Association assumes no liability or damage to any entries and may discard any damaged or rotted items.**

Blue Ribbon Apple Pie Contest

Dept. 15 Section A Class 39

INSTRUCTIONS TO BE USED BY FAIRS AT THEIR 2026 EVENT
Each county/local fair is encouraged to conduct a 38th Annual Blue Ribbon Apple Pie Contest at their 2026 event. Listed below are the criteria which we would like each fair to use in their contest. The certified first place winner from each fair will then have the opportunity to enter an apple pie in the BLUE RIBBON APPLE PIE CONTEST at the 2027 PENNSYLVANIA FARM SHOW.

RULES for local Fair and the PA Farm Show contests are as follows:

1. Open to any individual amateur baker who is a Pennsylvania resident. One entry per person.
2. Entrants may **NOT** have won 1st place in this Blue Ribbon Apple Pie contest at any other fair in 2026.
3. The Apple Pie, including fillings and crust, must be made from scratch with edible ingredients. No pre-packaged ingredients may be used (ex: no pre-made mixes, cookie dough, pie crust, frostings, etc.) Any decorations must just be edible.
4. Recipe must include at least 60% apples in the filling. It does not need to be a "traditional" two crusted apple pie and it can have a variety of fillings.
5. The entire pie must be submitted for judging in a food safe disposable pie pan. (All pans, plates and dishes are considered to be disposable and will not be returned.)
6. The Pie entry and its recipes will become the property of the Fair or PA Farm Show and will not be returned
7. Recipe(s) for the Pie and Crust must be submitted with the entry, printed on one side of 8-1/2" x 11" sheets of paper. Recipe must list all ingredients, quantities, and preparation instructions. Entrant's name, address and phone number must be printed on the back side of all pages.
8. Refrigeration is not available at the Fair or PA Farm Show. Entries that require refrigeration after baking must indicate so in the recipe. Those entries will not be sold, auctioned or otherwise distributed for consumption after judging for food safety reasons.
9. Judging will be based on the following criteria:

Flavor (aroma, taste, good balance of flavorings)	35 points
Filling (consistency, doneness, moistness, flavor)	25 points
Crust (color, flavor, texture doneness)	20 points
Overall Appearance (surface, shape, size, color)	15 points
Creativity	<u>5 points</u>
TOTAL	100 Points

Creativity is essential to a varied competition. Do not limit your contest to a "traditional" two-crust apple pie. We are looking for a variety of fillings in the pie; the pie must include at least 60% apples in the filling.

Each Fair must submit the Contest Summary Report verifying the winning apple pie baker. This person will then be eligible to enter the state competition at the 2027 PA Farm Show and will receive the Official PA Farm Show Certification Entry Form directly from the PA Fairs Special Baking Contest Committee.

NOTE: If an individual has already won 1st place at another fair in 2026 for this Blue Ribbon Apple Pie contest, that individual is now considered qualified through that Fair to compete at the 2027 PA Farm Show and is no longer eligible to enter this contest at any upcoming Fairs.

First Place Winner is eligible for the 2027 PA Farm Show competition.

Premiums for the 2027 PA FARM SHOW competition
 First Place - \$500.00 Second Place - \$250.00 Third Place - \$100.00
 Fourth Place - Rosette Ribbon Fifth Place - Rosette Ribbon
